VOLUME XIV OUTDOOR LIVING CATALOG

Live an Inspired Life[®]

INSPIRED VISIONS[®]

We are pleased to introduce the 2024 Inspired Visions Collection by Peak Season. In a world that has transitioned into a post-COVID era, marked by a sluggish global economy, we have noticed a remarkable trend among consumers. Consumers are still actively investing in their homes, placing a special emphasis on their outdoor spaces. The continued growth of the market can be attributed to a lasting desire to make the outdoor space a true extension of the home and the wish to spend more time outdoors with those that they love.

With these insights in mind, our Inspired Visions collection is a thoughtfully curated range of products that cater to the diverse needs and preferences of our valued customers and partners. Whether you seek to furnish, decorate, or add unique accents to your outdoor space, our collection offers solutions to match your unique taste. As you explore the assortment for this year, we encourage you to embrace the overall eclectic nature of our line. Please do not let the way we have photographed or presented the products limit your own creative direction.

We invite you to envision and embrace what inspires you to spend time outside. We eagerly anticipate the opportunity to collaborate with you soon, as we embark on this exciting journey together.

Lighting COLLECTION

Light up the outdoors with our weather resistant lamps. Featuring an outdoor rated, glass globe to keep out moisture and a weighted bottom with a powder coated finish. See index for our full collection and Sunbrella shade options.

IMPORTANT:

It is recommended that a 60-watt equivalent LED (8-watt actual), a 60-watt equivalent CFL (13-watt actual), or a 40-watt Incandescent bulb be used. Inspired Vision outdoor lamps have been rated for up to a maximum of 40-watt Incandescent. To avoid risk of injury or fire, DO NOT exceed the recommended wattage.

Stockton COLLECTION
FSC® Certified Natural Teak

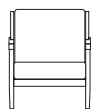

"The Stockton collection features an oversized seating area constructed with kiln-dried FSC® certified Teak. Teak wood has a natural beauty, which if left untreated, will develop a patina over time. Stockton will complement any outdoor decor and the sturdy construction ensures that this collection will last for many years to come."
