

NOTE: Dealers who place a single purchase order without specifying a specific program, the order will automatically be shipped out at the longer lead time based on the items ordered. Dealers who want separate shipments with different lead times (i.e. – TGEx and TGCustom), please write separate purchase orders per program and make sure correct items are offered in those programs. Dealers who place a single purchase order specifying multiple or incorrect programs based on items ordered, the order will automatically be split-shipped separately according to their respective programs.
